Skills

Languages:

Swift, Objective-C, Java, C#, C++, SQL

Specialties:

iOS, Android, .NET, Testing & QA

Technologies:

Beacon, Core Data, Core Location, jQuery,
Bootstrap, RESTful API, Google Firebase, Git

Education

Southern Adventist University

May 2020

- B.Sc. Computer Science, 3.74 GPA
- CRLA Tutor Certification Level 2
 - Tutored 7 math and CS courses.

Experience

iOS Developer Intern, Southern Adventist University

Mar 2018 – May 2020

- Took full responsibility for building, testing, and releasing the [Southern Adventist University app](#), an iOS app regularly used campus-wide by 3000+ students and professors.
- Planned out technical specs and implemented iBeacon protocol (BLE & Core Location) in the app.
- Parsed API response to display events on students' devices via the Apple Push Notification service.
- Developed "Beacon API", a .NET web server, to offload business logic and manage communications between clients and data servers.

Android Developer Intern, Center for Innovation & Research

Jan – Dec 2017

- Built the [Adventist Giving app](#), a donating and tithing Android application, from scratch.
- Used Java and Retrofit to program the 2 main tabs "Account" and "Donate", with user experience at center.
- The application has 10000+ downloads and 50+ 5-star reviews on Google Play.

Projects

Laboratory iOS

Designed, and built an app for scientific professionals to manage labs and equipment collaboratively.
Swift, MVVM, CocoaPods, FBSnapshotTestCase, and Firebase SDKs.

Trvlr iOS

Collected open-source JSON data about travel destinations and built a travel guide iOS app.
Swift, MVC, UIKit, and Auto Layout.

eBuy .NET

Designed a SQL database and built a website for a sample e-commerce platform.

Volunteering

- Contributed 20 hours to build an event planning [website](#) for local churches, using PHP and Yii2 framework.
- Instructed 8 fifth graders, at AW Spalding School, in building robots to join the FIRST LEGO League, for 4 months.
- Prepared music and food to serve nearly 50 homeless people at Chattanooga Community Kitchen.
